*Our name "笑門 (EMON)" is from Japanese proverb "笑う門には福来る"
(warau kado niwa fuku kitaru) means "Fortune comes in by a merry gate".*

*We named it with wishes of everyone smiling and being happy in our
restaurant and go home with good health and good luck.*

Japanese Cuisine

"Sushi" is just one of many Japanese dishes!

There are many views as to what defines Japanese cuisine, as the everyday food of the Japanese people has diversified immensely over the past century or so. In Japan, the term "Japanese cuisine" (nihon ryōri, 日本料理 or washoku, 和食) means traditional-style Japanese food, similar to what already existed before the end of national seclusion in 1868. In a broader sense of the word, it could also include foods whose ingredients or cooking methods were subsequently introduced from abroad, but which have been developed by Japanese who made them their own.

Japanese cuisine is known for its emphasis on seasonality of food (旬, shun), quality of ingredients and presentation. Local, regional and seasonal dishes are invariably a key tourist attraction for the domestic traveller.
